Outline

The National Cherry Festival Committee is looking for entrants both male and female aged over 18 years, residing in the Hilltops Council region, who would like to be involved in this year's Cherry Queen/King Competition.

The competition is one of the most important parts of the National Cherry Festival and identifies a person who can fill the role of an ambassador for the town and district at all times from the crowning ceremony in December through to the following year. This voluntary role is not arduous and title holders are only asked to take part in a limited amount of events post crowning.

For entrants, involvement in the competition offers an opportunity for greater community involvement, to help your favourite cause or local club and to be awarded a prestigious title and win a wonderful prize. Former entrants have welcomed the chance to get to know others in the competition and to further their knowledge of the community and increase their confidence and skills.

Each entrant will choose a local charity, not for profit community based club or service provider operating in the Hilltops Region, and organise a minimum of one fund raising events prior to Monday 26 November 2018.

History

The National Cherry Festival is a major regional event which puts Young and the Hilltops Region on the map.

Now in its 69th year this harvest festival draws people throughout NSW, other states and overseas who come for the harvest of our delicious cherries and enjoy all that Hilltops offers.

One of the most important parts of our festival is the Cherry Queen Competition – now known as the Cherry Queen and King Competition.

It is deeply imbedded in the town's history and the annual crowning ceremony remains to this day a popular attraction.

This competition is a key part of the festival on many levels:

- It finds a person worthy of representing the town and region in the year to come.
- It generates publicity in the region and state.
